

# **Report on** **Two Days Training Program at Ranchi, Jharkhand**

**Name of the Event – Two Days Training Program on “Enhancing the value of Girl Child”**

**Organized by – Vihara Innovation Network in collaboration with USUID**

**Date and Time – 15 & 16 September 2023**

**Venue – Raj Residency, Ranchi, Jharkhand**

A training program was organized and implemented by Vihara Innovation Network ( a non-profit organisation under the project by USAID (United States Agency for International Development) MOMENTUM in Collaboration with the Department of Higher and Technical Education, Jharkhand on 15<sup>th</sup> & 16<sup>th</sup> September 2023 in Ranchi, Jharkhand. The project was implemented in 15 districts of Jharkhand named “**Enhancing the Value of Girl Child**” to address harmful practices toward the girl child and the well-being of women and girls in the communities. The Value of Girl Child project aimed to leverage the youth, who have the capacity to identify and challenge the existing power structures that are unfair towards girls and women. The project focused on celebrating the girl child across various Universities, colleges and vocational institutions. The project also encompassed changing stereotypes and gender bias through fostering social action initiatives. The project aimed at building the knowledge, attitude and practices of teachers and students on the Value of Girl Child. The program was very relevant and the National Education Policy, 2020 and University Grant Commission (UGC) aim at ensuring women's safety and gender sensitization in campus.

To attend the program, two assistant professors of the college Prof. Abhishek Sinha from the Department of History and Prof. Anuradha Kumari from the Department of Psychology along with two students Mr. Ajad Kumar Mahto and Miss Rimjhim Singh from the Department of Political Science Semester 3 were nominated from the Guru Nanak College, Dhanbad. Teachers and students reported to the venue on 14th September 2023 as per the instruction of the program. Teachers and students actively

participated in the program and successfully completed the training with their completion certificate.
